

What does State Licensed by Arizona Department of Health Services for Home Health really mean?

- ◆ Nurses Network is subject to regular audits by the Arizona Department of Health Services. Policies and procedures are in place that meet state-mandated requirements.
 - ◆ All Caregivers have criminal background checks, current health statements, and fulfill required continuing education. All employees must have previous experience, references and appropriate clinical skills.
 - ◆ All Caregivers, Certified Nursing Assistants (CNAs), LPNs, RNs, Physical Therapists, and Social Workers are supervised by the Director of Nursing.
 - ◆ Nurses Network is authorized to accept payment from private Long Term Care insurances as well as contract with Veterans Administration for custodial care.
 - ◆ Medical and non-medical services range from custodial to high-tech care and everything in between.
- Nurses Network can often help you or a loved one stay in the home longer and create a safer environment.

About Nurses Network

Nurses Network was founded by two nurses in 1986 in an effort to meet the growing healthcare needs of Yavapai and Coconino communities. Over the years, Nurses Network has established a reputation for professionalism and quality in the care we provide.

Our Commitment

Nurses Network is dedicated to providing exceptional quality care in the best environment, your home. A care plan is specifically tailored and designed to support your ongoing needs.

Our philosophy is to nurture and up-hold your independence and self-determination. Our goal is to keep you or your loved one safe and comfortable knowing you are receiving care from dedicated and experienced staff.

Quality Health Care in the

True Healing Environment,

Your Home

When Private Duty Services Help

- ◆ **Daily Living Assistance** Includes CNA assistance for bathing, dressing and meals
- ◆ **Respite Care** Up to 2 to 24 hour coverage when families need a rest, or when clients live alone
- ◆ **Pediatric Care** Caring for children who have chronic medical conditions
- ◆ **Support for Hospice Patients** Compassionate care for those who are terminally ill
- ◆ **Respiratory Care** RNs and LPNs for vents, CPAP, Breathing Treatments and O2 Therapy
- ◆ **On-going Medical Management** For illnesses such as MS, Crohns, Arthritis, etc.

Individualized Care

Nurses Network's RN case manager works with your physician to develop a plan of care. They will make periodic visits to the home to update that plan, which may include:

- ◆ Bathing and Personal Care Assistance
- ◆ Family Caregiver Relief (Respite Care)
- ◆ Grocery Shopping / Errands
- ◆ Medication Administration / Reminders
- ◆ Light Housekeeping
- ◆ Fall Precaution Care
- ◆ Preparing Meals / Monitoring Diet

Focusing on personalized attention to your needs, NNI staff is professionally qualified and compatible with the level of care required.
